Reference AVA/2016/0953

The existing farm building is part of the original Hall Farm and was built at the time in the style of the adjacent Alfreton Hall. The Town Council is concerned that an important building would be lost and replaced by a modern building which contrasts with the remaining farm buildings. The Town Council is keen to see the existing remain because of its heritage value to the town and consequently opposes its replacement by a modern, stark building completely out of character with the other Hall Farm buildings.
